I didn't capture any follow-up assignments for David. I believe he only addressed one question associated with the SPCC program. We did capture all of the questions posed to the TCEQ executive director and group them by category and they are being addressed as if David was asked the question. Attached is the material that we received from TCEQ as part of the Executive Director's material. Let me know what else you might need.

Thanks
Ronnie

Ronnie,

David wanted me to check your notes from the ITC hearing you attended with him to make sure that there are no follow-ups needed from him. Would you please let me know if David needs to follow-up on anything? Also, have you been able to get a copy of Toby Baker's testimony notebook? Thanks.
